Annex I.F.2 – Financial Table of Answers

(1) Services at the level of senior quality technician

The tenderer shall submit fee quotations for long term service provisions at the level of senior quality technician (qualifications as described in section 3.2.3 – S9 of the Tender Specifications) covering full 12 Months in which the GSA may call upon services within the scope of the Tender Specifications to be further detailed in the Specific Contract and requests to be communicated to the Contractor's point of contact on an ad hoc basis to be continuously provided at and for the duration of every GSA work day during a 12-months period from 9 am to 5:30 pm mainly at the premises of the GMSC site in Saint-Germain-en-Laye, France with occasional short term missions to the GSA HQ, in Prague, Czech Republic, to Nordwijk, the Netherlands, and Madrid, Spain, to the GSMC site in Swanwick, UK as well as to other Galileo-related sites.

The prices shall be all-inclusive with no further reimbursement of costs or expenses granted. The contractor shall only be reimbursed for travel and accommodation costs in the event of short term missions and in accordance with latest EC Guide to Missions rules applying to the GSA, but with no additional payments or reimbursements. The GSA intends to establish a maximum envelope of 3,000 EUR (three thousand euro) for these costs.

Quotation for long-term services at GSMC Site in Saint-German-en-Laye, FR:

Price Reference #1	
Assumption	Quotation in EUR (all inclusive)
Continuous provision of QM services at the level of a Senior Quality Technician for 12 months per GSA working day with service availability from 9 am to 5:30 pm present on site at GSMC Site in Saint-German-en-Laye, FR.	

(2) Services on the Level of Junior Quality Technician

In addition, the tenderer shall submit fee quotations for short term service provisions at the level of Junior Quality Technician (qualifications as described in section 3.2.3 – S10 of the Tender Specifications) covering (i) twelve (12) months and (ii) nine (9) months in which the GSA may call upon services within the scope of these Tender Specifications to be detailed in the Specific Contract and requests to be communicated to the Contractor's point of contact on an ad hoc basis to be continuously provided at and for the duration of the GSA work days from 9 am to 5:30 pm for which the services are requested mainly at the premises of the GMSC site in Saint-Germain-en-Laye, France, with occasional short term missions to the GSA HQ, in Prague, Czech Republic, to Nordwijk, the Netherlands, and Madrid, Spain, to the GSMC site in Swanwick, UK as well as to other Galileo-related sites.

The prices shall be all-inclusive with no further reimbursement of costs or expenses granted. The contractor shall only be reimbursed for travel and accommodation costs in the event of short term missions and in accordance with latest EC Guide to Missions rules applying to the GSA, , but with no additional payments or reimbursements. The GSA intends to establish a maximum envelope of 3,000 EUR (three thousand euro) for these costs.

Price Reference #2	
Assumption	Quotation in EUR (all inclusive)
Provision of QM services at the level of one Junior Quality Technician with service availability from 9 am to 5:30 pm on every GSA workday present on site at the GSA HQ, Prague, CZ, for a period of:	
Price Reference #2.1 - 9 Months:	
Price Reference #2.2 - 12 Months:	

NOTE: Tenderers are expected to provide a discount on the provision of services for the twelve-month period, as opposed to provide a merely proportional quotation in relation to Price Reference #2.1.

Any payments against invoice made under the contract are payments for provision of services and do not represent and shall not be understood as salary payments or replacement of such. Payment of salaries shall remain the sole responsibility of the contractor or the QM technicians respective employers. The GSA retains the right to reduce service fee payments to the proportion that the contactor fails to deliver the services as further detailed in the Framework Contract.

NOTE: Tenderers are expected to provide a discount on the provision of services for twelve months periods under Price Reference #2.2 as opposed to providing a proportional quotation in relation to Price Reference # 2.1. **To ensure this principle, tenders which 75% (seventy five per-cent) of Price Reference #2.2 equals or exceeds the quotation for Price Reference #2.1 shall be excluded from the tender.**

Tenderers shall pay attention to the maximum contract price of 420,000 EUR (four hundred and twenty thousand Euros) per 12 months as communicated in the tender documents.

For ensuring budget conformity, the GSA will perform the following calculation on the basis of the prices quoted in each tender, the assumed request for services, and a budget of 6,000 EUR (six thousand euro) set aside for travel expenses of short term missions:

Total Price Tender X=Price Reference #1 + Price Reference #2.2 + 6,000 EUR

The GSA reserves the right to exclude tenders exceeding the maximum contract price of 420,000 EUR (four hundred and twenty thousand Euros) under this calculation (i.e. X>420,000 EUR).
