

## Clarification Note #5

GSA internal reference: 259465

### MyGalileoDrone Prize Contest

**Question #95: Apart from the legal entity and the financial identification forms, are any other documents needed for the application submission?**

**Answer #95:** For the list of documents to accompany your proposal, please refer to the section 'Contest Process' of the Terms of Reference of the contest.

**Question #96: Is the evaluation board accessible to the teams?**

**Answer #96:** As per the Terms of Reference of the contest, the role of the GSA evaluation board is only limited to the evaluation of the proposals.

**Question #97: What is the optimal duration of the proposed project?**

**Answer #97:** According to the Terms of Reference, the finalists commit to make the application / service available to potential customers and finalise them within 18 months of the conclusion of the competition. In case of long-term missions, the finalists commit to an annual progress update to the GSA (see section 'The Challenge of the Terms of Reference').

**Question #98: Are you looking for a project that has the potential to be launched early in the market or are you looking for longer-term ideas that will become mature in the process?**

**Answer #98:** According to the terms of reference the aim of the contest is to design, develop, test and prepare for commercial launch drone-based applications / services. In this frame, phase 2 of the contest involves applications / service development with submission of prototypes/demonstrator.

**Question #99: What kind of activities is GSA looking for at this phase?**

**Answer #99:** For more information on the first step of the contest, please refer to the section 'Contest Process' of the Terms of Reference of the contest.

**Question #100: Should freelancers with an intracommunity VAT apply as natural persons or as legal entities?**

**Answer #100:** In case freelancers own a registered company and issue invoices in the name of the company for their services, they should apply as legal entities. Should the latter be not the case, freelancers should apply as natural person applicants and should submit the 'Natural Person Legal Entity Form' available here: [https://ec.europa.eu/info/publications/legal-entities\\_en](https://ec.europa.eu/info/publications/legal-entities_en) .
