

## CLARIFICATION NOTE 1

WFID: 253060

**NOTA BENE:** Applicants are reminded that questions concerning this Call for Proposals shall be addressed to the GSA's functional mailbox [gnss-grants@gsa.europa.eu](mailto:gnss-grants@gsa.europa.eu) and the subject of the email shall read "GSA/GRANT/03/2019 Enhanced GNSS receiver/user terminal". Processing of emails which do not bear this subject line may be delayed.

**Question no.1:** It is acknowledged that the maximum budget allocated for EU financing under this action is EUR 3.000.000 and the number of projects to be financed is up to 2.

**Does the maximum budget refer to each project or is it the overall budget aiming at financing both projects?**

**Answer:** The overall budget available under this call for proposals is 3,000,000 EUR.

Depending on the outcome of the evaluation of the applications that will be received under this call, the GSA may award up to 2 projects. The indicative amount that the GSA may finance for each project is up to 3,000,000 EUR.

This effectively means that in case GSA awards 2 grants and the 3,000,000 EUR are not sufficient to finance both awarded projects, the GSA reserves the right to award a grant of less than the amount requested by the applicant. In such cases, the applicant will be requested either to increase its co-financing, propose other co-financing means or to decrease the total costs without altering the substance of the application.
