

Want to work with us? We are looking for experts

GSA/PR/21/05 Prague, 26 March 2021

The European GNSS Agency (GSA) is looking for experts to support the Agency with advice on, among others, assessing applications for EU funding, including tenders, grants and prizes, and monitoring of EU-funded projects and contracts. For more information and to download the call, click [here](#).

In this call, the GSA is looking for people with a high level of expertise and professional experience in aerospace technologies and engineering, in addition to space applications in transport, agriculture and food, environment and climate change and energy. Other areas of interest include information society, innovation and growth in space applications, safety and security, economic analysis and entrepreneurship, communication and marketing, quality, product and security assurance, configuration management and law.

Submit your application

The call is aimed at individuals who are citizens of an EU Member State, Switzerland or Norway. Legal entities are not normally eligible to apply. Interested parties are invited to submit an expression of interest to: callforexperts@gsa.europa.eu ;

- Please refer to the call for proposal for the documents to be submitted.

Based on the received expressions of interest, the GSA will draw up a list of interested experts. As and when needed, the GSA will consult the list and assign a contract to the most appropriate expert for the task to be performed.

List valid for 5 years

Tasks may be carried out at the GSA's premises or, at the GSA's request, remotely using electronic communication tools. They also may need to be performed at other sites, to be specified in the contracts.

The list resulting from this call will be valid for five years from the publication of the call on the GSA webpage. Interested parties may submit an expression of interest at any time prior to the last three months of validity of the list. For more information, click [here](#).

About the European GNSS Agency (GSA)

As an official European Union Regulatory Agency, the European GNSS Agency (GSA) manages public interests related to European GNSS programmes. The GSA's mission is to support European Union objectives and achieve the highest return on European GNSS investment, in terms of benefits to users and economic growth and competitiveness. For more information, visit the GSA [website](#).
