1 Introduction

This document is the Contractual Index Status List (CISL) applicable to the framework contract EUSPA/OP/12/23.

This document lists the contractual baseline documentation which together provides the description and boundary of the work to be performed. These documents are to be considered as an integral part of the Contract.

Some documents contain requirements that the Contractor shall comply with in the planning and execution of the activities.

The Contractor shall declare their compliance, and any non-compliance, in their delivered Statements of Compliance (SoCs).

The documents in this CISL are organised as follows:

- Programmatic;
- Project Management;
- Technical Requirements;
- Operations and Service Requirements;
- Security Requirements.

For all documents, the following information reported herein are provided.

ID	ID-n numbering code
Document Title	Official document name
Author	Self-explanatory
Reference	Reference code identifying the document in a unique manner
#	Issue number
CLA	Abbreviation for the Security Classification Level of the document, as follows: R = RESTREINT UE/EU RESTRICTED
Modification status	Unchanged – No change to previous CISL Updated – New issue of an existing CISL reference Added – New document with new CISL reference
CISL Comment	Comment reflecting the state of the art of the document, applicability, content or/and open points
