

Clarification Note #1

EUSPA internal reference: 303341

Procurement procedure: EUSPA/OP/17/23

Title: 'HADG Infrastructure for HAS Phase 2'

Question #1: Looking at the tender specifications for HADG Infrastructure for HAS Phase 2 – EUSPA/OP/17/23, we realized that in several sections (2.3.1.1. for example) Annex I.O is referenced – also in section 6 (List of tender specification annexes).

Annex I.O should list the Criteria for assessment of participating conditions, including Part 3 – the excel spreadsheet Declaration of ownership and control.

But while search for the Annex I.O in <https://www.euspa.europa.eu/opportunities/procurement-grants/procurements/hadg-infrastructure-has-phase-2-euspaop1723> , we noticed that it is not listed here.

Can you please confirm this a mistake and that the Annex I.O should be listed/provided to the participants to this tender?

Answer #1:

With the publication of this Clarification Note, we also make available the Annex referenced in the question on our website. Please refer to Annex I.O (Part 1- Part 3) published here: [HADG Infrastructure for HAS Phase 2 – EUSPA/OP/17/23 | EU Agency for the Space Programme \(europa.eu\)](#).
