

Careers

What is EUSPA?

At EUSPA, we connect innovation and talent to turn Europe's space assets into real benefits for people and businesses. Joining EUSPA means contributing to the varying components of the EU Space Programme and EU's strategic autonomy, digital transformation, and sustainability goals.

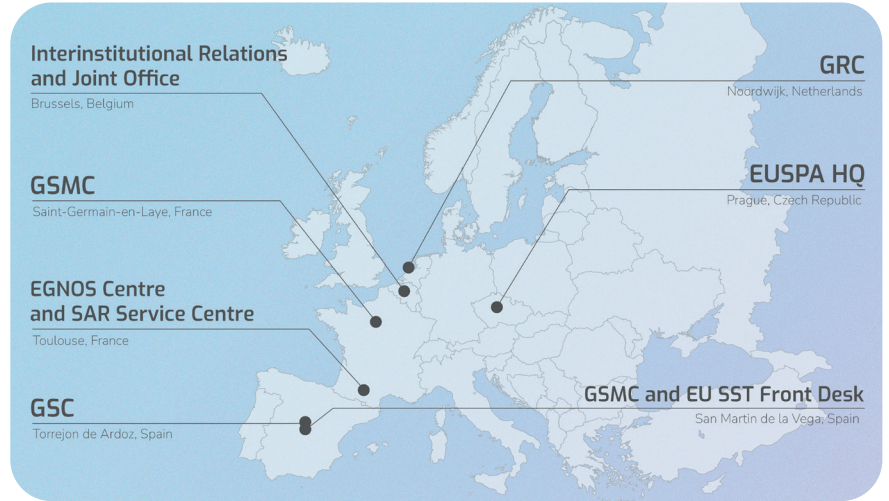

EUSPA offers two types of contracts for staff positions:

- 1 Temporary Agents
- 2 Contract Agents

All available vacancies are published on our [Careers page](#).

Where is EUSPA located?

EUSPA has staff working across the European Union. In addition to our headquarters in Prague, Czech Republic, we have offices in:

What EUSPA offers

When working at EUSPA, you can expect:

A multicultural environment with a diverse workforce and work-life balance

A competitive remuneration

Comprehensive benefits package

Flexible working arrangements

A minimum of 24 working days of leave every year

Access to a wide range of training courses and professional development opportunities

Tuition for children at international and European schools

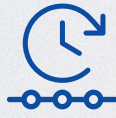

Insurance against sickness, accident and occupational disease

A competitive pension scheme

Recruitment process

When applying for an EUSPA position, the recruitment process has the following steps:

1

Vacancy notice publication

Familiarise yourself with the tasks and responsibilities, and read the requirements carefully.

2

Submitting your application

Create your account in the EUSPA e-recruitment tool. See whether your application suits the eligibility criteria.

** Submit your application before the deadline to ensure it's considered.*

3

Assessment of applications

All eligible applications are scored. In case of many applicants, there might be pre-recorded interviews.

** Applications will be assessed within 2 to 5 weeks after the deadline.*

4

Interview and written test

Selected candidates are invited for a written test and a live interview.

**Interviews and written tests are typically scheduled within 1 to 3 weeks after the assessment phase.*

5

Interview with Appointing Authority

Candidates are invited for a 2nd interview with EUSPA's Appointing Authority.

**The interview with the Appointing Authority usually takes place within 1 to 3 weeks after the previous stage.*

6

Outcomes

The Appointing Authority decides on whom to offer the position, and establishes a reserve list. All candidates receive their outcome.

Disclaimer

All times are indicative and can change depending on the nature of the vacancy, availability of the selection board members, and other factors.

What about traineeships?

We provide university students, graduates and postgraduates with a hands-on experience on the EU Space Programme and the work of EU institutions.

As an EUSPA trainee, you will benefit from mentoring and connecting with fellow trainees and space professionals.

We currently offer two types of traineeships:

1 Regular paid traineeships

(1,500 EUR per month, up to 12 months)

2 Short-term unpaid traineeship (up to three months)

Opportunities for SNEs

Staff working at other national public administrations can work at EUSPA as Seconded National Experts (SNEs).

SNEs benefit both EUSPA and their national administration:

- EUSPA benefits from the skills and knowledge SNEs bring
- The national administration is enriched by the experience the SNE gains at EUSPA
