

European Space Expo

Discover what Space brings to your life

European
Commission

Mon.-Fri.: 10.00 - 14.00 / 16.00 - 20.00

Sat.-Sun.: 10.00 - 20.00

Free Admission

Agenda of thematic talks

10-minute presentations followed by
questions and answers

GMES is the European programme designed to provide information services, which combine satellite data and local observations, in order to monitor the environment and contribute to the security of European citizens.

Galileo is Europe's global navigation satellite system, providing a highly accurate, guaranteed global positioning service under civilian control.

Monday 12 November 2012

17.00 - 17.30
Galileo in everyday life
(Presentation in Greek)
Eleftherios Mamais - SpaceTec Partners

18.00 - 18.30
Why we need GMES
(Presentation in Greek)
Dimitrios Papadakis - SpaceTec Partners

19.00 - 19.30
The GMES Emergency Management Service
(Presentation in Greek)
Eleftherios Mamais - SpaceTec Partners

Tuesday 13 November 2012

17.00 - 17.30
The GMES Emergency Management Service
(Presentation in Greek)
Eleftherios Mamais - SpaceTec Partners

18.00 - 18.30
Satellite telecommunication systems in remote and rural areas
(Presentation in Greek)
Constantinos Kassianides - HELLAS SAT

19.00 - 19.30
Why we need GMES
(Presentation in Greek)
Dimitrios Papadakis - SpaceTec Partners

Wednesday 14 November 2012

16.30 - 17.00
GMES: a key tool for monitoring our oceans
(Presentation in Greek)
Yianna S. Rhoads - Oceanography Centre, Univ. of Cyprus

17.00 - 17.30
MyOcean: GMES for marine applications
(Presentation in Greek)
George Zodiatis - Oceanography Centre, Univ. of Cyprus

17.30 - 18.00
Space research in the European Union
(Presentation in English)
Thierry Brefort - European Commission

 Presentation for children

Thursday 15 November 2012

17.30 - 18.00
Monitoring the state of our forests with GMES
(Presentation in Greek)
Dorothea Aifantopoulou - GEOAPIKONISIS SA

18.00 - 18.30
The benefits of Earth Observation
(Presentation in Greek)
Konstantinos Katzis - European University Cyprus

19.00 - 19.30
Discover Cyprus National Space Policy
(Presentation in Greek)
Anastasios Elia - Ministry of Communications and Works

Friday 16 November 2012

17.00 - 17.30
The GMES Emergency Management Service
(Presentation in English)
Marco Broglia - Joint Research Centre of the European Commission

18.00 - 18.30
International Cooperation in Space Research
(Presentation in Greek)
Pierantonios Papazoglou - Research Promotion Foundation

19.00 - 19.30
Remote sensing for maritime surveillance
(Presentation in English)
Celestino Gomez - GMV

Saturday 17 November 2012

12.00 - 12.30
Use of GMES by the Cypriot Civil Protection
(Presentation in Greek)
Panayiotis Liassides - Cyprus Civil Defence

16.30 - 17.00
 **Galileo explained to children**
(Presentation in Greek)
Eleftherios Mamais - SpaceTec Partners

18.00 - 18.30
 **GMES explained to children**
(Presentation in Greek)
Dimitrios Papadakis - SpaceTec Partners

Sunday 18 November 2012

12.00 - 12.30
Electronics for Space
(Presentation in English and/or Greek)
Julio Georgiou - University of Cyprus

16.30 - 17.00
Astronomy from Space
(Presentation in Greek)
Andreas Efsthathiou - European University Cyprus

18.00 - 18.30
PANGEO providing geo-hazard maps of Nicosia
(Presentation in Greek)
Dr Zomenia Zomeni - Cypriot Geological Survey
