ARTICLE II.8 – ASSIGNMENT

II.8.1 The Contractor shall not assign the rights, including claims for payments or factoring, and obligations arising from the FWC, in whole or in part, without prior written authorisation from the contracting authority. In such cases, the Contractor must provide the contracting authority with the identity of the intended assignee.

II.10.2. In cases where a payment milestone is partially achieved, the Agency may:

- perform partial payments, subject to the Contractor providing adequate evidence of the portion of the payment milestone which has been actually achieved. The execution of a partial payment is without prejudice to the application of liquidated damages at the completion of the affected milestone whenever occurring. The liquidated damages shall be calculated on the residual amount of the milestone not accepted and already covered by the partial payment.
- or

II.10.3. Procedure for a partial payment or retention of payment

The contracting authority must formally notify the Contractor of its intention to partially pay a corresponding calculated amount or retain the payment. As regards the partial payment, the amount of the partial payment is clearly assessed by the Parties acting in good faith as a function of the value created to the Agency by the partial achievement of the payment milestone concerned.

The Contractor has 15 days following the date of receipt to submit observations. Failing that, the decision becomes enforceable the day after the time limit for submitting observations has elapsed.

If the Contractor submits observations, the contracting authority, taking into account the relevant observations, must notify the Contractor:

The Contractor shall inform immediately the contracting authority about the suspension without delay, giving all the necessary reasons and details and the envisaged date for resuming the performance of the FWC.

The Contractor shall not be entitled to claim compensation on account of suspension of the FWC or specific contract or of part thereof.

ARTICLE II.12 – TERMINATION OF THE FWC

II.12.1 Grounds for termination by the contracting authority

The contracting authority may terminate the FWC, and any on-going specific contract respectively in the following circumstances:

 - fails to take immediate action for rectification or additional action for rectification as required by GSA; or
 - if the proposed rectification actions are, in the opinion of GSA acting reasonably, not effective;
- i) if a change to the Contractor's legal, financial, technical, organisational or ownership situation is likely to substantially affect the implementation of the FWC or substantially modify the conditions under which the FWC was initially awarded or a change regarding the exclusion situations listed in Article 136 of Financial Regulation that calls into question the decision to award the contract;
- j) in the event of Force Majeure, where either resuming implementation or the performance is impossible

or the necessary ensuing amendments to the FWC or a specific contract would mean that the tender specifications are no longer fulfilled or result in unequal treatment of tenderers or Contractors;

- k) in case of persistent breach, intended as a repeated breach of the same obligation under the contract or a specific contract, notwithstanding written warnings sent by GSA;
- l) if the Contractor is in breach of the confidentiality obligations resulting from ARTICLE I.12 – **CONFIDENTIALITY**;
- m) if the Contractor does not comply with the applicable data protection obligations resulting from Regulation (EU) 2016/679;

The other party has 30 days following the date of receipt to submit observations, including the measures it has taken to continue fulfilling its contractual obligations. Failing that, the Notification to termination becomes enforceable the day after the time limit for submitting observations has elapsed. If the other party submits observations, the party intending to terminate must formally notify it within 15 days following the date of receipt of the observations either of the withdrawal of its intention to terminate or of its final decision to terminate. Provided there is no Formal Notification delivered to the other party, it shall be deemed that the intention to terminate was withdrawn.

In the cases referred to in points (a) to (d), (g) to (i), (k), to (l) and (n) of Article II.12.1, the date on which the termination takes effect must be specified in the Formal Notification.

The parties may agree to draw up a transition plan detailing the Contractor's assistance unless such plan is already detailed in other contractual documents or in the tender specifications. The Contractor must provide such assistance at no additional cost, except if it can demonstrate that it requires substantial additional resources or means, in

which case it must provide an estimate of the costs involved and the parties will negotiate an arrangement in good faith.

II.12.4 Effects of termination

The Contractor is liable for damage incurred by the contracting authority as a result of the termination of the FWC or a specific contract for contractor default, including the cost of appointing another Contractor to provide or complete the services

The Contractor is not entitled to compensation for any loss resulting from the termination of the FWC or a specific contract, unless the loss was caused by the situation specified in Article II.12.2. The parties agree that only material damage, not loss of anticipated profit, will be compensated to the Contractor.

The Contractor must take all appropriate measures to minimise costs, prevent damage and cancel or reduce its commitments.

Within 60 days of the date of termination, the Contractor must submit any report, deliverable or result and any invoice required for services that were provided before the date of termination.

In the case of joint tenders, the contracting authority may terminate the FWC or a specific contract with each member of the group separately on the basis of points (d), (e) (g), or (n) of Article II.12.1, under the conditions set out in this Article.

If the obligation to pay the amount due is not honoured by the date set by the contracting authority in the debit note, the amount due shall bear interest at the rate indicated in Article II.13.8. Interest on late payments shall cover the period from the day following the due date for payment up to and including the date when the contracting authority receives the full payment of the amount owed.

II.15.5 Any partial payment shall first be entered against charges and interest on late payment and then against the principal amount.

II.15.6 If the contract is signed by a group (joint tender), the group is jointly and severally liable under the conditions set out in Article I.10.1 (liability). The contracting authority shall send the debit note first to the leader of the group.

II.15.7 If the leader does not pay by the due date and if the amount cannot be offset in accordance with Article II.15.3(a), the contracting authority may claim the amount still due to any other member of the group

by respectively notifying them with the debit note already sent to the leader under this Article

ARTICLE II.16 – CHECKS AND AUDITS

II.16.1 The contracting authority and the European Anti-Fraud Office may check or have an audit on the performance of the FWC. It may be carried out either directly by their own Personnel or by any other outside body authorised to do so on their behalf. Such checks and audits may be initiated at any moment during the performance of the FWC and during a period of up to five years which starts from the payment of the balance of the last specific contract issued under this FWC. The audit procedure shall be deemed to be initiated on the date of receipt of the relevant letter sent by the contracting authority. Audits shall be carried out on a confidential basis.

II.16.2 The Contractor must keep all original documents stored on any appropriate medium, including digitised originals if authorised by national law and under the conditions laid down therein, for a period of five years which starts running the payment of the balance of the last specific contract issued under this FWC.

II.16.3 The Contractor shall allow the contracting authority's staff and outside Personnel authorised by the contracting authority the appropriate right of access to sites and premises where the FWC is performed and to all the information, including information in electronic format, needed in order to conduct such checks and audits. The Contractor must ensure that the information is readily available at the moment of the check or audit and, if so requested, that information be handed over in an appropriate form.

II.16.4 On the basis of the findings made during the audit, a provisional report shall be drawn up. It shall be sent to the Contractor, which shall have 30 days following the date of receipt to submit observations. The final report shall be sent to the Contractor within 60 days following the expiry of that deadline. On the basis of the final audit findings, the contracting authority may recover all or part of the payments made and may take any other measures which it considers necessary.

II.16.5 The Court of Auditors and the European Public Prosecutor's Office established by Council Regulation (EU) 2017/1939 ('the EPPO') shall have the same rights as the contracting authority, notably right of access, for the purpose of checks and audits.
