

Invitation to tender no. GSA/OP/08/12

"Provision of support to the GSA in the system user segment development and stakeholder management"

LOT 3

ANNEX II.A.3 - TECHNICAL TABLES OF ANSWERS – LOT 3

References for Tenderer

- Basis documents for these Forms: - Tender Specifications (Annex I to the Invitation to Tender)
- The tender must be drawn up in accordance with the requirements for the Structure of the Tender laid down in the Tender Specifications (Annex I to the Invitation to Tender).
- The technical quality of the tender will be assessed in the Award Stage in accordance with the respective evaluation criteria as laid down in the Tender Specifications.
- The tables below are expected to be filled in by the Tenderer. Further explanations or additional enclosures to certain tables are encouraged or expected only where marked accordingly. Failing to include a table or any additional information if so requested may result in a lower score in the evaluation process or – in case of mandatory requests – may render the tender incomplete. Any enclosures not requested as such will be entirely disregarded.
- All enclosures have to be numbered and referred to accordingly for the sake of clarity and consistency of the bid.
- All enclosures have to be signed by a person duly authorised by the Tenderer.

Submission of an incomplete tender may lead to exclusion from the award procedure.

Ref.	
1.	GSA shall accept, as satisfactory evidence that the Tenderer/Subcontractor is not in one of the situations described in point (a), (b) or (e) of the Exclusion Criteria Form, the production of a recent extract from the judicial record or, failing that, a recent equivalent document issued by a judicial or administrative authority in the country of origin or provenance showing that those requirements are satisfied.
2.	GSA accepts, as satisfactory evidence that the Tenderer/Subcontractor is not in the situation described in point (d) of the Exclusion Criteria Form, a recent certificate issued by the competent authority of the State concerned.
3.	Where the document or certificate referred to in Ref. 1 & 2 is not issued in the country concerned and for the other cases of exclusion referred to in the Exclusion Criteria Form, it may be replaced by a sworn or, failing that, a solemn statement made by the interested party before a judicial or administrative authority, a notary or a qualified professional body in his country of origin or provenance.
4.	Depending on the national legislation of the country in which the tenderer/subcontractor is established, the documents referred to in Ref. 1, 2, 3 shall relate to legal persons and/or natural persons including, where necessary, company directors or any person with power of representation, decision-making or control in relation to the tenderer/subcontractor. This would be the case when the national legislation concerned gives juridical responsibility of the acts committed by a legal entity (moral persons) to their legal representatives. The tenderer/subcontractor shall provide information on the ownership or on the management, control and power of representation of the legal entity whenever necessary for the proper understanding of the evidence submitted or whenever the GSA requests it.
5.	Where there are doubts as to whether tenderer/subcontractor is in one of the situations of exclusion, the GSA may itself apply to the competent authorities referred to in Ref. 3 to obtain any information they consider necessary about that situation.
6.	The GSA may waive the obligation of a tenderer/subcontractor to submit the documentary evidence referred to in Ref. 1 and 2 if such evidence has already been submitted to it for the purposes of another procurement procedure and provided that the issuing date of the documents does not exceed one year and that they are still valid. In such a case, the tenderer/subcontractor shall declare on his honour that the documentary evidence has already been provided to the GSA in a previous procurement procedure and confirm that no changes in his situation have occurred. He shall indicate in its tender all the references necessary to allow the GSA to check this evidence.
7.	Tenderers/subcontractors may refer to the e-Certis web-site listing the certificates available in EU Member States: http://ec.europa.eu/markt/ecertis/login.do

3. Selection Criteria

To be eligible and after passing the Exclusion Stage of Evaluation, all the Tenderers must have the economic and financial capacity as well as the technical and professional capacity to perform the tasks required in this call for tender.

(a) Economic and financial capacity

All Tenderers (including any individual member of their consortium/grouping and any subcontractors planned to perform more than 20% of the estimated total contract value of 8,000,000 (eight million) EUR and/or referred to by the tenderer as proof of his/her economic and financial capacity, as the case may be) must provide proof of their economic and financial capacity by submitting the following documents:

- a financial offer which will not be evaluated from an economic point of view, but only used for gaining understanding of candidate's ability to analyse the market and make an offer (planning, amount of work foreseen etc). Note that the staff categories foreseen in the framework contract are requested to be used for this financial offer.

SIMULATION LOT 3

Initial Operational Capability (IOC) of Galileo is planned for 2014, however already now several receiver manufacturers are implementing Galileo in their production planning. Future users are developing applications that could use Galileo in future. The preparatory activities in the market require certain system knowledge and procedures therefore there is a need of dedicated point of contact for future Galileo professional and mass market users and other stakeholders.

The tenderer is requested to prepare a business plan of such Galileo pre-IOC point of contact or service centre. Apart from inbound services, the centre shall also conduct outbound communication activities towards the different user segments, analyse the results and provide recommendations to continuously match user requirements and system performance.

The business plan shall include:

- Set-up of the centre and estimated CAPEX and OPEX;
- Priority tasks for 3 first years of operation;
- What are the potential expansion areas for the service centre in terms of supporting market development actions of Galileo.
