

## INVITATION TO TENDER No. GSA/OP/03/09

### PRS Operational Tool to Evaluate and Counteract Threats Originating from Radio-sources ("PROTECTOR")

#### Clarification 10 – Complimentary Bids for PROTECTOR

Question: Can tenders submit bids for complementary services to the PROTECTOR?

GSA Answer: Complementary services proposed by tenderers are to be considered as variants (alternative equivalent solutions, alterations or additions to the Tender Specifications) by the GSA. Article II.1.9 of the contract notice 2009/S 107-153953 specifies that "Variants will not be accepted".

The GSA is currently procuring only the services specifically described in the Tender Specification.
