

## CLARIFICATION NO.4

Related to tender No. GSA/NP/09/12 – “EGNOS Service Provision”

### Tender Information Package:

1. Question: Evidence required in section 7.2.1: considering the potentially large number of sub-contractors to be involved, please confirm the list of activities for which subcontractors are required to provide this evidence. Please confirm that this request does not need to be cascaded to their own subcontractors (otherwise please instruct up to which level cascading has to be performed). It is understood that Legal Entity File is not required for subcontractors.

Answer: All legal entities involved in submission of request to participate to this procurement procedure (except for incumbent and mandatory sub-contractors in this phase) are requested to prove that they are authorised to perform the contract in their respective capacities/area of activities under the national law as evidenced by inclusion in a trade or professional register, or a sworn declaration or certificate, membership of a specific organisation, express authorisation or entry in the VAT register.

Please refer also to question no.4 of Clarification note no.1 for further information.
