

Clarification Note #1

GSA internal reference: 258786

Procurement procedure: GSA/NP/14/20 New logo for the European Union Agency for the Space Programme (EUSPA)

Question #[1]: How many logotype design proposal can one entrant submit?

Answer: A candidate may submit up to 2 (two) proposals (see Section 6 of the invitation to participate).

Question #[2]: Is the EUSPA logo design contest opened to everyone or only to European graphic designers?

Answer: It follows from the participation conditions included in Section 3 of the invitation to participate that the design contest is “open on equal terms to all natural and legal persons”. Therefore, graphic designers established outside of the European Union can participate in the contest.

Question #[3]: Can the GSA fill in a form in order to communicate the invitation to participate to members of our organisation?

Answer: In order to ensure equality of treatment of all the candidates, the GSA cannot fill in such forms.

Question #[4]: Is the number of competitors public? What is the key for receiving an invitation to participate?

As stated in Section 3 of the invitation to participate, the design contest is “open on equal terms to all natural and legal persons”. Therefore, the number of interested candidates is not known. The GSA broadly disseminated the invitations to participate to potential candidates on the basis of objective criteria following a market research.
