

### Corrigendum No. 3

**Procurement procedure: GSA/NP/22/19 ‘Public Regulated Service Radio Frequency Constellation Simulator – PRS RFCS’**  
(WFID: 257453)

1. Section 4.6 of Annex I to the Invitation to Participate ‘Tender Specifications’ is complemented with the following text which is inserted at the beginning of said section; the remaining section 4.6 remains unchanged:

“The documents which must be signed according to the Tender Specifications may be signed electronically with a qualified electronic signature (QES) of the Candidate. This electronic signature must be provided by a provider which has a qualified status granted by a national competent authority of an EU Member State and which is listed in the national eIDAS Trusted Lists and the EU List of eIDAS Trusted Lists (LOTL) (available at <https://webgate.ec.europa.eu/tl-browser/#/>).”

2. Section 4.7 of Annex I to the Invitation to Participate ‘Tender Specifications’ is complemented with the following text which is inserted at the beginning of said section; the remaining section 4.7 remains unchanged:

“Without prejudice to the conditions of submission set out below, Candidates may submit their Request to Participate only electronically on 3 (three) CD-ROM, DVD or USB sticks with the full set of documents (as requested under section 4.6 of the Tender Specifications). The documents on these media must be identical and they shall be in machine readable format (MS Office 2003 or later, or Adobe Reader Version 8.0 or later). These medias must be inserted in the outer envelope as described in section 4.5.2 of the Tender Specifications. They shall contain the following folders with the corresponding documents requested under section 4.5.3 of the Tender Specifications:

- Folder 1: “ADMINISTRATIVE DOCUMENTS and DOCUMENTS RELATING TO EXCLUSION and FINANCIAL AND ECONOMIC SELECTION CRITERIA”
- Folder 2: “TECHNICAL DOCUMENTATION”

The electronic versions of the Requests to Participate are considered as originals.

The Candidates must ensure that the electronic medias and documents files are readable. In particular, they must take all the necessary measures to protect them during the transport to avoid any damage to them. The Candidates must ensure that the data on these media cannot be altered.

The Candidates are advised to

- use, and include into the outer envelope, different types of media (e.g. DVD and different types of USB sticks) in order to eliminate the risk of non-readable media and files;

- create hashes of submitted documents files (in the form of algorithm MD5, SHA-256 or higher) and insert them, preferably as a paper printout of these hashes, into the outer envelope, together with the media;
- ensure that the data on these media cannot be altered.

If the submitted media and files are not readable, the Candidates will have the possibility to resubmit the media upon condition that:

- hashes of the original files have been created;
- hashes of the re-submitted files are created and such hashes are strictly identical to the hashes of the original files inserted into the original outer envelope.

If the submitted media and files are not readable and the Candidates do not resubmit, within a reasonable delay upon notification by the Contracting Authority that the files submitted cannot be read, media and files which are strictly identical to the original ones and related hashes, the Requests to Participate will be rejected.”
