

## #GeomaticsOnTheMove competition - social media messages

### The European GNSS Agency (GSA)

Dear Partners & and Geomatics Enthusiasts,

We are excited to announce that the European GNSS Agency (GSA), in collaboration with the Council of European Geodetic Surveyors (CLGE), has just launched its [Geomatics on the Move Competition](#). We would really appreciate your help in reaching out to geomatics students and young surveyors. Below you can find the social media messages you may use for the promotion.

Thank you very much in advance for sharing them!

#### 1. Information and useful links

Geomatics on the Move is an ideas competition. It challenges young innovators to bring their Geomatics solutions to life using European satellite technologies (Galileo, EGNOS and Copernicus), shaping the future of data capture and analysis. More information about the competition is [available here](#).

We have released: a [news Story](#), a [press release](#), a [press backgrounder](#), and a [surveying and mapping image gallery](#) to support the promotion of the competition.

#### 2. Visuals

The message could be accompanied by the promotional visual available [here](#).

#### 3. Twitter Message

##### 1<sup>st</sup> tweet

*Have you heard about the #GeomaticsOnTheMove competition 🤖?*

*The @EU\_GNSS & #CLGE ideas contest is inviting young innovators to bring their #Geomatics solutions to life using #Galileo, #EGNOS & @CopernicusEU 📡. Sounds interesting?*
