

CASSINI Challenges

Dear partners,

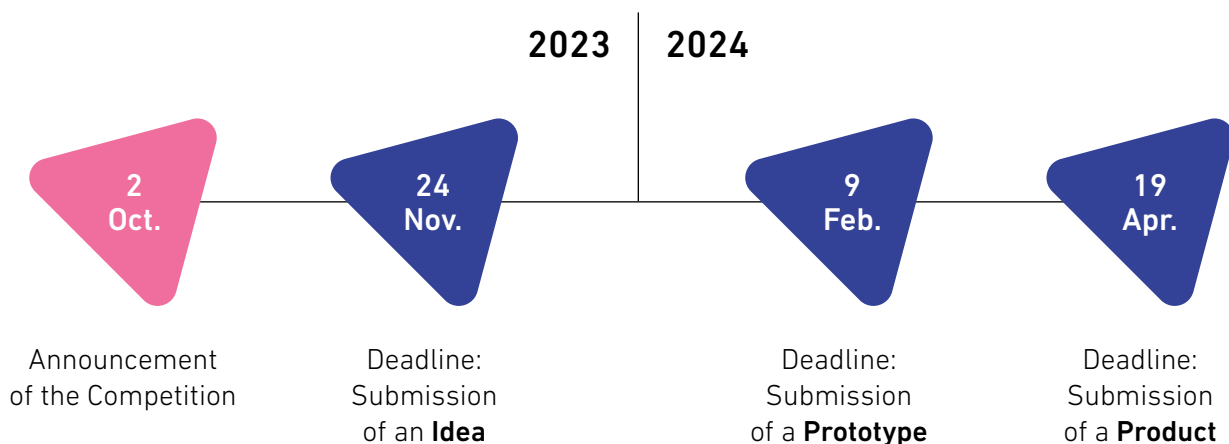

Drum roll, please! It is official, the CASSINI Challenges competition is here! It targets startups and entrepreneurs with innovative solutions that leverage EU Space data and services based on Galileo and Copernicus. The competition is divided into tracks depending on the maturity stage of the project: idea, prototype, or product, which can be focused on one of the 3 different challenges.

CASSINI Challenges Competition in a Nutshell

-  € 1 Million Prize Pool
-  30 Prizes
-  3 Tracks
-  3 Challenges

Below you will find some information regarding the competition and ready to use social media messages, visuals, and more.
